

— NOW HIRING · CAREER OPPORTUNITY

IN-HOUSE STEEL DETAILER METAL BUILDINGS · MBS / TEKLA

Detail pre-engineered metal buildings from concept to fabrication for one of East Texas's most established steel manufacturers. Work alongside the engineers, project managers, and shop crew who actually build what you draw — no outsourcing, no offshoring, no working in a vacuum.

FULL-TIME

ON-SITE · ATHENS, TX

MBS / TEKLA REQUIRED

SALARY + BENEFITS

■ ABOUT ATHENS STEEL BUILDING

Family owned since 1976, Athens Steel Building manufactures pre-engineered metal structures for commercial, residential, agricultural, aviation, worship, and self-storage projects across the continental U.S. Engineering, fabrication, and shipping all happen at our Athens, TX facility — no outsourcing, no offshoring. Our detailers work alongside the engineers and shop crew who actually build what they draw.

■ WHAT YOU'LL DO

- **Produce Shop & Erection Drawings.** Detail primary and secondary framing for pre-engineered metal buildings using **MBS** and / or **Tekla Structures**.
- **Generate Bills of Materials.** Produce accurate cut lists, BOMs, and connection details that flow straight to fabrication.
- **Review for Constructability.** Vet engineering output for ease of fabrication and erection. Flag issues before they hit the shop floor.
- **Coordinate Across Teams.** Work directly with engineers, project managers, and shop crew on revisions, RFIs, and field questions.
- **Verify Code Compliance.** Check every design against applicable state, county, and local building codes.
- **Own Quality Control.** Final-check your detailing output before release. Ownership, not just execution.

■ WHAT WE'RE LOOKING FOR

- **2+ years** of hands-on experience detailing pre-engineered metal buildings (PEMB) for commercial or industrial projects.
- **Active proficiency in MBS** (Metal Building Software) and / or **Tekla Structures**. Daily-use experience required.
- Strong working knowledge of **steel building components, connections, and fabrication processes** from concept through erection.
- Familiarity with **state and local building codes**. Able to read and interpret architectural and structural drawings without supervision.
- Detail-oriented, reliable, and deadline-driven. Own your queue, flag problems early, and propose fixes — don't just push them upstream.
- Willing to work **on-site full-time** at our Athens, TX facility. This role is not remote.

■ WHY JOIN ASB

- **50 years strong.** Stable, financially healthy, family owned since 1976.
- **Shop floor steps away.** Detail it, walk 50 feet, watch it get fabricated.
- **No outsourcing.** Engineering, detailing, and fab — all in-house, all in Athens.
- **Pay that reflects skill.** Competitive salary commensurate with experience.
- **East Texas lifestyle.** Lower cost of living, no commute, real community.
